01 / SOFTWARE

Systems that earn their keep

Documents that can be signed

MoUs, agreements, deeds, joint ventures, contracts, NOCs, bank letters, and the packs that must be exact. So you can sign.

Ledgers, FBR, tax returns, payment trails, partnership accounts. So you can file.

04 / COMMERCIAL PAPERS

The money file

BOQ, IPC, quotation, variation order, measurement, handover, and outstanding-balance clearance. The papers that price the work and get it paid. So you can collect.

You keep the business. Zaven carries the rest

The work comes in as a job. The file stays with Zaven. Branding sits with the file. Graphics, print, and social. Kept current, ready to send.

Branding

The mark, the stationery, the posts, the public site. Line five. Listed, kept with the work.

One file
